Ice Cream Competition

The ice cream designing competition closing date is Tuesday 4th July. Please make sure all entries are in the red PTA box by then if your children wish to enter. See the details below:-

We have a very exciting competition for our students at St Wilfrid's. On Saturday 15th July it is the school's summer fayre and we have the wonderful Livvy's ice cream van joining us.

Livvy has kindly offered to run a competition for the children to design a unique ice cream flavour that will be sold at the summer fayre from her van.

The winning design will get to make the ice cream with her prior to the summer fayre and then see it being sold on the day!

If your child or children would like to enter this competition then please can you get them to draw a single cone with a unique flavour (only natural flavours please so no bubble gum!) and a description of the flavour, along with a name (It could be a combination like chocolate and mint- ' choc mint delight' - for example or just a unique individual flavour not normally associated with ice cream?!) Then put their name, age and class on the back of their design and place it in the red PTA box in the school reception area by Tuesday 4th July.

Winners will be informed by Friday 7th July.

Social Media Giants and Growing Up Digital

Reading and agreeing to the Terms and Conditions for Social Media Giants like Instagram and Snapchat

In school, we look at how to use social media safely, including the use of Instagram and Snapchat, as many of our children in upper school have accounts for these APPS. Children are constantly posting messages and images. We therefore need to know about the terms and conditions that they are signing up to and what they actually mean in terms of these platforms controlling their personal data and selling it on to other companies. We have been encouraging children to think about how to keep a positive digital footprint and not to overshare personal data including images when online.

The Children's commissioner calls for greater representation after a study finds half of eight- to 11-year-olds have agreed opaque T&Cs with social media firms.

- * Children are signing over rights to their private messages and pictures unknowing
- * Almost half of 8 to 11 year olds have agreed to the terms and conditions to give social media giants control over their data.
- * Ignoring privacy rights and allowing the content they posted to be sold and distributed around the world

Social Media APPS also

state that they can change the rules whenever they like by posting an update, whether you notice it or not. This has recently happened in the Snapchat APP. The Snapmap facility within the App has been upgraded and now shows the user's exact location to all of their contacts. If you do not wish your child's location to be known, you must go into Settings and select '**Ghost Mode**'.

Read the full report from the Children's Commissioner here: https://www.childrenscommissioner.gov.uk/sites/default/files/publications/Growing%20Up%20Digital%20Taskforce%20Report%20January%202017_0.pdf

Please take time to read the Instagram Terms from the report (Page 10) which have been rewritten by lawyers for children to understand what they are agreeing to. Social media terms and conditions are often up to 50 pages long and written in a postgraduate language, which is therefore hard to understand what exactly you are agreeing to.

Many thanks

INSTAGRAM TERMS: Our Rules if you want to use Instagram

1. You have to be 13 or over.
2. Don't post anything showing violence, or that might make other people feel scared, or any images that contain nudity.
3. Don't use anybody else's account without their permission or try to find out their login details.
4. Don't let anyone else use your account.
5. Keep your password secret.
6. Don't bully anyone or post anything horrible about people.
7. Don't post other peoples' private or personal information.
8. Don't use Instagram to do anything illegal or that we tell you not to.
9. If you want to add a website to your username, make sure you get permission from Instagram first.
10. Don't change anything about our website or applications, upload any type of virus or do anything that might interfere with the way Instagram works. Don't send us ideas on how to improve Instagram.
11. Don't use any type of software or robot to create accounts or access Instagram, and don't send spam or unwanted emails.
12. Read our Community Guidelines and obey them when using Instagram.
13. Don't do anything that might affect how other people use and enjoy Instagram.
14. Don't encourage anyone to break these rules.

YOUR RIGHTS AND OUR RIGHTS

1. You have the right to feel safe using Instagram.
2. Officially you own any original pictures and videos you post, but we are allowed to use them, and we can let others use them as well, anywhere around the world. Other people might pay us to use them and we will not pay you for that.
3. You are responsible for anything you do using Instagram and anything you post, including things you might not expect such as usernames, data and other peoples' music.
4. It will be assumed that you own what you post, and what you post does not break the law. If it does, and you are fined, you will have to pay that fine.
5. Although you are responsible for the information you put on Instagram, we may keep, use and share your personal information with companies connected with Instagram. This information includes your name, email address, school, where you live, pictures, phone number, your likes and dislikes, where you go, who your friends are, how often you use Instagram, and any other personal information we find such as your birthday or who you are chatting with, including in private messages (DMs).

We are not responsible for what other companies might do with this information. We will not rent or sell your personal information to anyone else without your permission. When you delete your account, we keep this personal information about you, and your photos, for as long as is reasonable for our business purposes. You can read more about this in our "Privacy Policy". This is available at: <http://instagram.com/legal/privacy/>.

6. Instagram is also not responsible for:
 - Links on Instagram from companies or people we do not control, even if we send those links to you ourselves.
 - What happens if you connect your Instagram account to another app or website, for instance by sharing a picture, and the other app does something with it or takes your personal details.
 - The cost of any data you use while using Instagram.
 - If your photos are lost or stolen from Instagram.
7. Although Instagram is not responsible for what happens to you or your data while you use Instagram, we do have many powers:
 - We might send you adverts connected to your interests which we are monitoring. You cannot stop us doing this and it will not always be obvious that it is an advert.
 - We can change or end Instagram, or stop you accessing Instagram at any time, for any reason and without letting you know in advance. We can also delete posts and other content randomly, without telling you, for any reason. If we do this, we will not be responsible for paying out any money and you won't have any right to complain.
 - We can force you to give up your username for any reason.
 - We can, but do not have to, remove, edit, block and/or monitor anything posted or any accounts that we think breaks any of these rules. We are not responsible if somebody breaks the law or breaks these rules; but if you break them, you are responsible. You should use common sense and your best judgment when using Instagram.
8. Although you do not own your data, we do own ours. You may not copy and paste Instagram logos or other stuff we create, or remove it or try to change it.
9. You can close your Instagram account by logging into Instagram and completing this form: <https://instagram.com/accounts/remove/request/>. If you do, your photos, posts and profile will disappear from your account but if anyone has shared your photos or personal details, or if we have used them ourselves for any reason, they might still appear on Instagram. We will also keep all the data we already have from you and can use it as explained in paragraph 5 above.
10. We can change these rules whenever we like by posting an update on Instagram, whether you notice it or not.
