Class Blogs

We are aware that the class blogs have been displaying external adverts recently. This is because we have been using a free blog service for school. We are in the process of updating all our blogs so that they will be free of adverts - in the meantime, please try to ignore them and be aware that they are certainly not endorsed by school.

Speedway Cycling

This Wednesday some of the children from Y5/6 went to try out speedway cycling. There were timed events, races and a couple of falls in this fun sport involving racing breakless bikes around an oval circuit.

Y5 Science Ambassadors

During the last week of the spring half term the Y5 Science Ambassadors took part in a city wide conference at Sheffield Hallam University.

The ambassadors reported back on their roles of promoting Science in their schools and looked towards doing even more in the future.

Prayer of the Week

Dear Jesus

We pray for all the people who are poor and think of them and how Pope Francis and Jesus says

'Blessed are the poor'.

We send them our prayers and our love.

Amen

Nina Y1

ST WILFRID'S PRIMARY SCHOOL

REUNION

SATURDAY 7TH JULY 2018, 7.30 pm

Are you a past pupil?

Come and join old friends and other alumni

Live music and a bar

Tickets are **£10** each – numbers are limited so don't miss out!

Tickets are available from the school office

(cash or cheques made payable to "St Vincent's Furniture Store")

All profits will go to St Vincent's Furniture Store +Mary's Meals charities

Y2 Science: Materials

As part of their Science topic on Materials, Y2 did an experiment to compare properties of materials by recording how well each material protected a cuddly toy from getting wet.

After Mr MacInnes told them a story about Bruce the dog who booked a holiday to Scotland but didn't take the right sort of clothing with him (i.e. waterproof!) Y2 had to find out what they thought would best protect Bruce and his companions from the wet weather.

Y2 decided that it was fair to keep the amount of water they used the same but to change the type of material they were testing. They tested foil, waterproof textile, cotton fabric, kitchen paper and pieces of carrier bag. The foil, carrier bag and waterproof textile were all really good at keeping out the rain, but which do you think might make the best raincoat for Bruce and the gang?

Hot Chocolate Friday

9 children who've gone 'over and above' with their behaviour this week enjoying some hot chocolate with Mrs Evans.

Well done all of you!

Good Work Certificates

Well done to the following pupils for receiving Good Work Certificates in our assembly this morning:-

Amelia [R], Paddy [R/Y1], Bethany [Y1], Millie [Y5], William [Y2/3], Daiyan [Y4], Sam [Y3/4], Edward [Y5/6], Ettie [Y2]

If you like bikes and want to make a difference this is for you!

We're excited to be working with CAFOD to help make a very real difference to people's lives in their Share the Journey Campaign at <https://cafod.org.uk/Campaign/Share-the-Journey>

We're working on staging a cycle ride starting at Endcliffe Park and heading through Fulwood to end up at Ringinglow at the Norfolk Arms. The journey goes through parks and is on and off road but shouldn't be too challenging for you and your children.

and get your friends to pledge support at <https://www.justgiving.com/fundraising/Mark-Conway9>. The fun starts on Sunday 1st of July at 4pm.

25th May 2018

Dear Sir or Madam,

Thank you very much for your kind donation of £84.50. We're so grateful that you thought of us when making this donation, it's fantastic to know that we have you on our side. Hopefully, with support like yours, we can work together to stop cancer sooner. Please pass on our gratitude to everybody at St Wilfrids Primary School that helped to make this wonderful donation possible, we promise to make it count.

Your donation can help us to buy a scientific sieve to separate out big bits and small bits of DNA to reveal vital clues about how to beat cancer, sooner. Tiny molecules that might play a role in cancer, but would never be seen by eye, can be identified with a machine that separates them out using electricity.

Cancer Research UK is fighting for a world where no one's life is cut short by cancer. There is real hope too; each year our scientists get closer to finding a cure and in the last 40 years we've helped double survival rates.

Thousands of people are alive in Britain today thanks to progress made in cancer research. However, our funds are raised almost entirely through public donations so we rely overwhelmingly on the support of people like you.

If you have chosen to hear from us, we'll keep you updated about the progress we are making and the ways you can support our work in the future. If you would prefer not to hear from us, and haven't told us this already, you can contact us on 0300 123 1022 or at supporter.services@cancer.org.uk to let us know. If there is anything else we can do for you please call us on the number above or you can visit us at www.cruk.org.

One day we will beat cancer. Thank you for helping us make it sooner.

Yours faithfully,

Trudy Stammer
Head of Volunteer Fundraising

If your communication to us includes personal information about your experience of cancer, please be assured that, in line with General Data Protection Regulations, while we have stored this information on our system to enable us to respond to you, this will not be used by Cancer Research UK for any other purposes.
